

# February

## Memory Work Helps

### MEMORY WORK TIPS

- Learn the topic and Bible reference or catechism reference first. After learning the topic and reference, learn the first phrase of the verse. Once you have learned the topic, reference, and the first phrase and have repeated them several times, continue adding more phrases after you can quote correctly what you have already learned. Always include the topic and reference as part of the verse as you learn and review it.
- Set a few daily reminders on your phone with the Bible verse, so that it will pop up on your display several times a day. Read the verse out loud before checking/dismissing the reminder.
- Pray! Ask God for help as you memorize His Word. If applicable, pray the verse you are memorizing.

### Monthly Game

#### Back and Forth

Take turns saying a word in the Bible passage or part of the catechism you are learning. One person starts by saying the first word, the next person says the second word, and then go back and forth, taking turns saying words until you say the whole passage. Then, switch up who starts! The more people that play, the more challenging the game can be, and the more fun!
